Gulfport is really girding itself for the record crowd they expect to entertain at the 12th Annual Mississippi Deep Sea Fishing Rodeo, which will be held there July 1 through 4th.

Bay St. Louis is particularly interested in this event this year because of the fact that the Queen of the Rodeo is a Bay St. Louis girl, Miss Gayle Parker, and also because a Hancock County man Ed P. Ortle, is a past president of the Rodeo.

Many from here and throughout Hancock County will attend the Rodeo, as it is one of the biggest fishing events staged in this area during the summer season, and usually attracts visitors from all over the country, who are interested in the sport of fishing—and who isn't.

# WAVELAND WANDERINGS

GEORGETTE B. HALL

Mr. Kenny Robert, scout leader of Boy Scout Troop, 21, Audubon District, New Orleans, accompanied 32 boy scouts to Waveland and Clermont Harbor this week. The boys, who came to the Coast via bus, camped out at the picnic grounds in Clermont Harbor. Most of them attended church services in Waveland Sunday morning. Junior Assistant Scout Master Eddie Holtendorff was in charge of the group that attended the Waveland Methodist Church. Boys who attended these services were senior patrol leader, Pat Keenum and Roy Borden, Kenneth Rushing, Alex Sharp, Bill Peery, Bob Peery, "Butch" Couch, Wayne Risher, Jerry Keenum, Mark Wright, Greg Ray, Robert Bosky and Joe Dean.

A delightful summer gathering brought together the bridal party of the Tamplin-Hanchey wedding Saturday night when after the wedding rehearsal the group gathered at the home of Mr. and Mrs. T. A. Smith, Sr., Clermont Harbor. Miss Sylvia Tamplin entertained her guests at a dinner, consisting of green salad, meat sauce and spaghetti, iced tea, cake and sherbert. The bride's table was covered with a cut work cloth and had a centerpiece of white flowers. Other tables were grouped around the bride's table. Hostesses were Mesdames T. A. Smith, Sr., Mrs. Ott Brockman, and Mrs. T. A. Smith, Jr. Mr. Howell Cruch recorded the event with photographs and a tape recording.

Miss Tamplin and Mr. Roy Hanchey presented gifts to their groomsmen and bridesmaids during the dinner. The groomsmen received cultured pearl tie clips and the bridesmaids were presented with sterling silver charm bracelets, diamond shaped and engraved with the names of the bride and groom on one side and the recipients' name and the date of the wedding, Sunday, June 5, on the other side.

The tea girls who served at the couple's reception Sunday afternoon, were presented with silver charms shaped like wedding bells, and engraved with the date of the wedding.

Mrs. Walter Turcotte, Sr., Miss is playing in a splendid Christian endeavor, great aid is being rendered to a new enterprise and Bay St. Louis' dream come true—our New Hospital. Mr. Logue stated on Monday that 23 patients and 5 new babies were in the hospital, hence our Auxiliary will certainly need many new and active members to perform the services that are necessary in an institution serving sick humanity, so please anyone desiring to help, join the Hancock General Hospital Women's Auxiliary and become part of this good work.

# Investigation Proves Carver Death Accident

## Sheriff's Report Follows:

Investigation into the cause of the death of Frank Joseph (Boobie) Carver, age 21, Napoleon Community, found lying in the road on Route No. 604 about one mile south of the intersection of Route No. 49 near Logtown at approximately 10:30 P. M. May 23, 1960 was made by Deputy Sheriff, Gerald Price, Jr. and Coroner Emile Piazza.

Captain A. R. Osborn, a nationally known investigator with an outstanding record of past accomplishments, was called in by Sheriff Gerald V. Price, Sr., to assist in the investigation. Sheriff Price's firm repeated instructions were "to leave nothing undone or not to overlook a minor detail in bringing out the positive fact in this matter."

The prolonged delay in the fact findings was due to the investigators having to follow to a conclusion the countless rumors and information volunteered as to the cause of Carver's death being due to foul play, parties who were responsible, why, etc. All of which after followed to a conclusion were not founded on facts but a great many malicious, the remainder derived from imagination.

The investigating officers keeping in mind at all times during their investigation that there possibly could have been foul play, however, in their diligent search for a motive by tracing down Carver's past life and accounting for his movements from the time he left his place of employment, a tug boat from 78 hours before, up to and within a very few moments and within two-tenths of a mile from where his death occurred there was no motive to be found. The fact that the body was found at an isolated spot rules that the theory of foul play or a meditated murder as there was positively no one could have known Carver would have been at this spot at the time where he met his death.

Speckies are still being caught out at the Keys and Half Moon. Among those catching them are Bub Genis, Peter Quintini, Joe Kern, etc. A few have been caught on the Highway and R.R. bridges. Saw some shrimp in the water the other night. The speckies should follow them in.

Some nice reds were caught in Matito Bayou last Saturday on bail.

Green trout and perch are biting slowly, but some are being caught, however.

C. C. McDonald, Sr., Larry Laroux and Yours Truly caught some fresh water fish last Saturday.

Soft crabs are still being caught each night by the boys who can go out late. Harry Favre said he made a nice catch Monday night. He said they were giving late, naturally, when the moon is full on overhead.

The skippers at the Bay-Waveland Yacht Club had a time last weekend. Plenty of good sailing, and fun, etc. Biloxi won the Championship Regatta.

Mr. and Mrs. Ray Hoffman and the kiddies came over from New Orleans Tuesday to do some hard crabbing. Didn't do so hot with the hard crabs, but picked up

# Auxiliary's Fine Record

The Hancock General Hospital Women's Auxiliary is contributing an excellent service to the new hospital. However, its membership is hardly adequate to supply 96 women to serve a few hours three times daily and the result is that some of the women are "doubling up" in order to fill the need.

The service to be rendered so far is directive persons to different parts of the hospital and assisting new entrants into the hospital and providing some little special service such as letter-writing, telephoning messages, caring for a child in the lobby while adults visit patients. All emergencies and accidents naturally are brought into the hospital.

# "My Dog Buddy"

At The Star Theatre  
 Sun-Mon., June 12-13

A picture for everybody who loves dogs, or kids—or both—"My Dog, Buddy" plays at the Star Theatre, Sunday, Monday, June 12 and 13. A. B. R. and Gordon McLendon production distributed by Columbia Pictures, "My Dog, Buddy" returns to the screen the fabulous London, a German shepherd first seen in "The Littlest Hobo." London, and youthful Travis Lemmond as his master, make a star combination with tremendous appeal.

Written and directed by Ray Kellogg, "My Dog, Buddy" is an absorbing, entertaining story of the devotion which can exist between a boy and his dog, in the same popular tradition as such films as the Lassie pictures and "Old Yeller."

The new film presents the free-lance, wide-grinned Travis as a youngster who is badly shocked in an automobile accident, to the point where he cannot talk. His dog, Buddy, after rescuing him from the crash, is not permitted to ride the ambulance with the youngster; alone, the handsome German shepherd wears himself out in single-minded pursuit of ambulance, police and fire engine sirens. In his desperate effort to locate the youngster, Buddy's adventures are many and varied, and "My Dog, Buddy" is a heart warming picture to enjoy.

# "Inside The Mafia" To Be At Legion Theatre

Wednesday And Thursday

For the first time in motion picture history, the public is given an intimate view of how the dreaded Mafia goes about its brutal work. "Inside the Mafia," a United Artists release, opening at the Legion Theatre, Wednesday and Thursday, June 15-16 in its dramatic presentation of a hood's desperate bid for power, goes behind the scenes of the meetings, intrigues, and assassinations that is the life blood of the Mafia.

Cameron Mitchell is starred in the Premium Pictures, Inc. presentation and Robert Strauss, Grant Richards, Jim L. Brown and Elaine Edwards are co-starred. The new film features a top supporting cast headed by Edward Pratt, Richard Karlan and Ted de Corsia.

Produced by Robert E. Kent and directed by Edward L. Cahn, "Inside the Mafia" was written for the screen by Orville H. Hampton. Hollywood's first major effort to focus on the incredible and violent antics of the modern gangster—the well-tailored, badly intentioned successor to the Capones and Dillingers of the recent past, "Inside the Mafia" although fiction, was strongly suggested by recent headline events, including a coldblooded murder in a barberchair and a crime conclave in upper New York State. For example, prototype characters include Lucerno, a deportee and absentee leader who returns to America to reorganize his billion dollar enterprise; Dan Regent, an ailing host with a posh, upstate home, Tony Lodo, henchman in the Mafia gang, and a spate of professional gunmen who murder without a qualm if the price is right.

Here...

you'll find a Faith  
to live by...

It's quiet inside. Quiet with the peace  
of centuries, for this is God's House.

Within these walls, the worries which  
loomed so large outside become  
less fearsome... for the first time perhaps  
you see them in their true perspective.  
If this alone were the reward of Faith, it  
would be enough. But there is more.

Faith is a source of strength, a reservoir  
of power that helps you meet the needs  
of every day. By worshiping with your  
family each week at your church or  
synagogue, you're giving them a measure of  
security no amount of money could buy.  
The Faith to hope... to grow... to live by.

Build a stronger, richer life...

Worship together every week

### CARVER DEATH ACCIDENTAL SHERIFF'S INVESTIGATION

(Continued From Page Two)

hip pocket and the half-pint bottle of whiskey containing a portion of the whiskey that Mrs. Mums had purchased at the Boykin Bar. (All of which is to prove that there couldn't have been contemplated foul play, that no one could have possibly known that Carver would be at the point where he met his death.)

Carver was next seen walking South on Highway Route No. 604 apparently bent on accomplishing his contemplated mission by an elderly gentleman, a Mr. W. R. Hoover who resides near Logtown. Mr. Hoover told the investigators that as near as he can estimate that between 10:15 and 10:30 P. M. that he and his wife were driving North on Route No. 604 towards Picaune when he met Carver walking South on the outside way of the opposite lane. (Hoover pointed out the spot where he met the boy and according to the speedometer on the Deputy Sheriff's car it was two-tenths of a mile from where the body was found.)

Mr. Hoover further stated that he met two-colored cars approximately one mile to 1 1/2 miles farther North on the road, that the first driver was very inconsiderate, refused to dim his lights while the second car threw on his dimmers immediately. (In normal driving from the point where Mr. Hoover met the boy to the point where he met the two cars required approximately something over one minute which would place the inconsiderate driver and Carver at the point where the body was found about the same time.)

The next information to be had in this case was given by a Mr. Reggie Boisser who owns and operates a restaurant and bar just across the Louisiana line. Mr. Boisser told the investigating officers that he and one of his employees, a Mrs. Sarah Lee, went out for a drive after working hours and while driving North on Route No. 604 they saw a body lying in the left lane near a concrete bridge over a small ravine. That they drove a short distance North, turned and passed the body again

and notified Beat 1 Constable E. G. Dean who immediately took charge and took the necessary steps in matters of this kind.

Mr. Boisser stated that he did not know the exact time to the minute, but believed it to be after 10:30 P. M.

Shortly after this occurred a Mr. Albert J. Courtney, 34 years old, Route 2, Box 233 of Picaune called the Sheriff's office and stated that he had run over a body on Rt. No. 604. Mr. Courtney gave a statement to the Sheriff's office and later to the investigating officers that he and his wife were returning home after a visit with friends near Logtown and in driving North on Route No. 604 at a rate of speed some 55 or 60 miles per hour, that he saw a body lying in the center of the road, immediately in front of his car. As he was too close to stop he tried to straddle the body which caused him to sway slightly and quickly to the left and never slackening his speed again turned back in the right lane and continued on his journey home.

Mr. Courtney explained to the investigating officers that he was going to stop immediately after he hit the body but his wife, being in a delicate condition, became hysterical and he thought the best procedure was to take her home and then call for help, which he did.

Mr. Courtney told the officers that the body was lying prone more on his stomach, as near as he could tell, with head slightly towards northwest, that he could not tell whether or not the man was alive when he ran over him. As to the exact time he did not know, however, he arrived home at 10:45 P. M. which would place the point of contact with the body at approximately 10:20 to 10:30 P. M.

Constable Dean made an examination of the Courtney car and found particles of clothing, flesh underneath the car but no sign of the body having been struck by the front of the car. An examination of the car was later made by the Sheriff's Office and investigators who found a large dent near the center and rear of the car underneath, particles of clothing, etc.

The investigating officers in examining the scene, where and near where the body was found discovered much evidence which would tend to prove the point where Carver was first injured.

On the Southeast corner of the bridge, on the cement curb, cement post and floor of the bridge there was much blood showing that the deceased had spent sometime at this spot after being injured and bled profusely.

A trail of blood leading from the points just mentioned was traced some 80 to 90 feet farther

### Hancock County Horse Show

The Hancock County Horse Show, which made a showing for the weekend when they participated in the Second Annual Horse Show, Saturday at the show grounds, Ellrichard, Ala. The team received 18 and 5 trophies. One of the prizes was presented to the square dance performance another for precision drill. Participating in the show were Miss Betty Younger, Cheryl Benzeau, Ellen Allison, James, Wason, Perry and Addie Mae Legasse, Pat and Arthur Miller, Tom Mayfield, Joan Mareng, Dixie Ashman and Randy Ladner.

South and to the center of the highway which shows that the boy had reeled in and out of the left lane and marks in the sand would indicate that he had fallen several times and pulled himself up again.

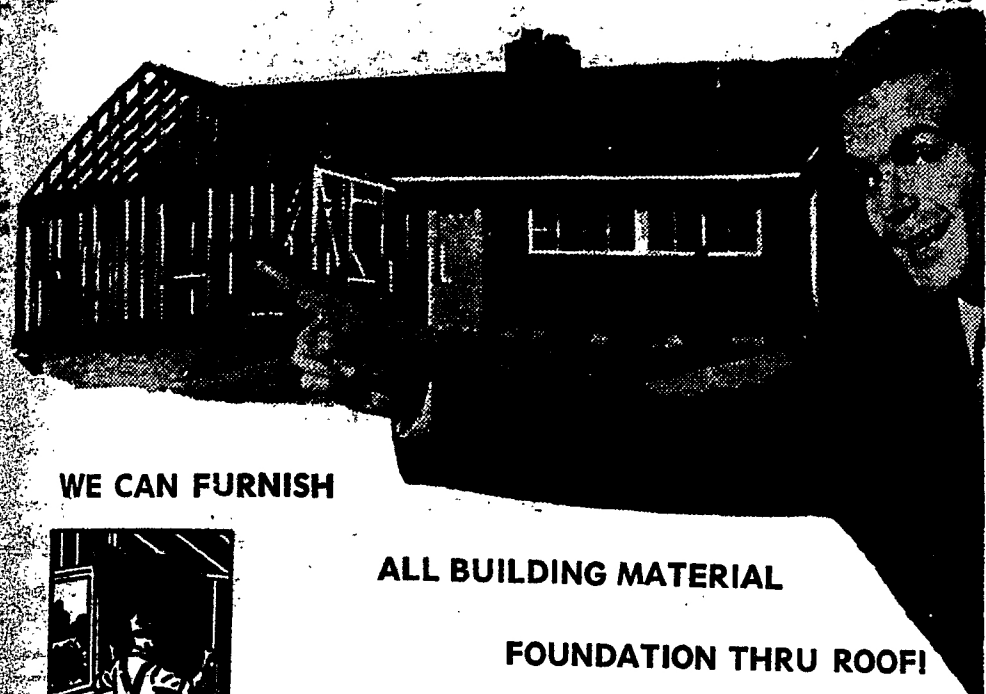

The marking in the highway showed that he was struck by the Courtney car, dragged under car some 60 feet where the body was found released and lying in the road, evidently when Courtney turned back in the right lane. At the point where the body was found there was much blood and body was badly mangled and parts of the anatomy was found in other lane where body was lying. This was approximately 35 feet from SE corner of bridge where Carver first lost much blood.

As a result of this investigation in which the Sheriff's office drove over a distance of 3000 miles in contacting various witnesses who they figured might throw some light on this case, and after making all their deductions, all indications point to the fact that Carver's death was accidental and no foul play as contemplated.

The investigating officers did not think it necessary, to give in detail or a verbatim statement as to what each and every party interrogated made, that the evidence in this report would be sufficient, beyond an element of doubt, as to how young Carver met his death and that there evidently were two cars involved in his case.

However, if at any time there should be an element of doubt rising in anyone's mind, all witnesses interrogated are listed in the sheriff's office as well as the result of the autopsy performed on the body the verdict of the coroner's jury, etc., and we feel sure that the sheriff's office will be pleased to clarify any question that might arise.

Respectfully submitted,  
(Signed) A. R. OSBORN,  
Investigating Officer, for Sheriff's Office.

"Hey," said our Corvair engineers (bless 'em), "people who sit in the middle seat have feet, too!" So they put Corvair's engine-transmission package in the rear (only U.S. compact built that way) and presto! a practically flat floor, front and rear.

Who are the men back of your gas service? The chances are that there's Ray Cleaver, or someone in a job like his, to make sure you have plenty of gas at your range or water heater when you want it. United Gas operates nearly 50 compressor stations, with some 175,000 horsepower, to boost gas through the pipe lines to places where it's needed. The big compressor engines are essential to dependable gas service. But they would mean nothing without men like "Cleve" to make sure the gas goes through in the volumes required to meet our customers' needs.

### Altar Society And St. Margaret's Daughters June Luncheon Meeting

The annual June Luncheon meeting of the Altar Society of St. Margaret's Church and St. Margaret's Daughters was held last Thursday on the beautiful grounds of the church. The luncheon was given by Mrs. Stella Goe. They were seated at long picnic tables decorated for the occasion with spring flowers in shades of deep blue, yellow and green. In the playhouse were arrangements of hydrangeas, daisies and fern arranged by Mrs. E. Erickson. After the luncheon, Father Adrian Mercier opened St. Margaret's meeting with prayer and Mrs. V. J. Piazza informed the members that a large crucifix had been given by the organization to be placed in the new Hancock General Hospital.

Charity reports revealed that eight families had been assisted; ten boxes of clothing had been given needy persons; medicine had been given in two cases; two dozen diapers and infants wear had been provided.

Mrs. Piazza stated a party for the Veterans would be held on June 18th and requested donations of home-made cakes and soft drinks for the party.

It was also stated that Mrs. Bienville had made eight suits given to needy children.

For the Altar Society Mrs. L. Larroux stated the Altar Society would sponsor the Sandwich Table at the annual Church Fair to be held July 16th and 17th and April.
